Vibrating alarm clocks

Getting up on time in the morning is not always easy. It's even harder if you have trouble hearing the alarm. Our alarm clocks will wake you up with lights, sound and vibrations so you never have to oversleep again.

FLASHING, VIBRATING and SOUNDING alarm clock

BELLMAN™ PRO ALARM clock is everything you could want in your alarm. From its large easy to read display to the security offered by its battery backup for reliable alarms you'll never have to worry about missing an appointment again.

The Bellman Pro Alarm Clock looks out for you, guiding you to bed safely by its blue soft tone night light and waking you gently with an alarm that starts soft and increases in volume with time. It offers the option of vibration, LED flashing light or sound.

PORTABLE, VIBRATING travel alarm clock

SONIC ALERT SBP100™

The Sonic Alert is ideal for those hearing impaired individuals who find themselves doing a lot of traveling or just want something simple for home use. Battery operated, with a protective carry case, makes it very portable. Switch it to vibrate to keep an appointment without waking up the house or play it safe and use both sound and vibration. You'll never be late again!

- Battery Powered
- Pillow clasp
- Great for travelling
